AMENDMENT

Technology Center 2600

Sir:

In response to the Office Action mailed July 30, 2002 please amend the above-identified application as follows:

In the Claims

Please amend claims 21, 22, 25, 27, 30, 32, 36, 37 and 40 to read as follows:

21. A method of operating a network bridge having a first plurality of ports through which network communications pass to and from the bridge, the method comprising:

assigning a group identifier to each port of the first plurality of ports, wherein all ports with a same assigned group identifier are in a same group;

receiving a communication on a first port of the bridge; and

if the first port is one of the first plurality of ports and the communication is a multicast packet having a multicast destination address, sending the communication out of the bridge on all other ports of the first plurality of ports having the same assigned group identifier as the first port.
